## Royal Caribbean brings world's first robotic bartenders

Published on : Saturday, February 27, 2016

Royal Caribbean is bringing the world's first robotic bartenders – the Bionic Bar, powered by Makr Shkr – to the South Beach Wine & Food Festival presented by FOOD & WINE (SOBEWFF) for the festival's marquee events under the white tent. Perfectly situated in the midst of the festival's hottest happenings, the Bionic Bar will allow festival-goers to order cocktails via a tablet and watch as two hard-working robots mix cocktails to the rhythm and beat of the music.

Technology powers surprise-and-delight elements on Royal Caribbean's newest ship, Harmony of the Seas, and that same innovative element of entertainment will come to life in Miami for the first time. Harmony of the Seas will arrive to her permanent home at Port Everglades in Fort Lauderdale, Fla. in November 2016 following her inaugural season in Europe this summer.

Royal Caribbean International is an award-winning global cruise brand with a 46-year legacy of innovation and introducing industry "firsts" never before seen at sea. The cruise line features an expansive and unmatched array of features and amenities only found on Royal Caribbean including, jaw-dropping, Broadway-style entertainment and industry-acclaimed programming that appeals to families and adventurous vacationers alike. Onboard, guests are catered to with the cruise line's world-renowned friendly and engaging Gold Anchor Service by every staff and crew member. Royal Caribbean has been voted "Best Cruise Line Overall" for 13 consecutive years in the Travel Weekly Readers Choice Awards.

The cruise line sails 23 of the world's most innovative cruise ships to the most popular destinations in Bermuda and the Caribbean, Europe, Canada and New England, Alaska, South America, Asia, and Australia and New Zealand.
